# PUZZLE

Simple and different...

“As Bürotime Design Team, we keep in mind the priorities of the business world. Companies in the developing world of business are paying more attention than ever to working in teams. Therefore, coming up with creative solutions that make things easier for environments that several people are working together is something we pay close attention to, and Puzzle is a series that is created with this approach in mind.”

**Bürotime Design Team**

Designed suitably for single, double or multiuse, Puzzle is comprised of simple platforms positioned on profile legs. It breaks the chaotic feeling of working together in open offices with its plain design language and add-on panel options.

With functional features that are formed based on your preferences, Puzzle will bring modest order to your office.
