technical document

Bold performs strongly with its ergonomic properties in busy working spaces. The session cushion, which has a wide range of standards, provides a comfortable session experience thanks to the front depth adjustment, which can be limited at 4 points. The breathable mesh back structure and back support supporting the ideal stand are intense and ideal for those who work long hours.

The adjustable neck support provides the user with a personalized comfort. The hardness adjustable tread structure locks at 3 different points and promote healthy movement.
