TONE

It redefines comfort in its elegant lines and in different areas of use that the user has with the next generation of design technology.

Tone, with its height adjustable neck support, and the synchronous mechanism technology it offers for the back, the height and depth adjustable leg, foot and armrest, and with its anti-bacterial and water-resistant upholstery, is designed to address the needs of new generation modern offices.

technical spesifications

Neck support

Height adjustable neck support provides comfort for users of different lengths.

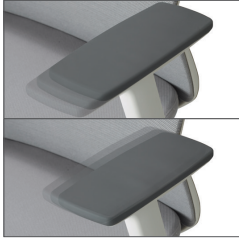

Synchronous mechanism

Synchronous mechanism technology provides an ergonomic session by synchronizing the back and the font at different angles.

Arm support

Adjustable arm support can be adjusted up-down, forward-backward, inside-out.

Adjustable Arm Support

up down, back and forth, inward-outward adjustable.

Control arms

The easily accessible tension and height control arm adjusts the seat tension and height. The lock arm comfortably locks your seat back tilting position at the desired tilt angle.

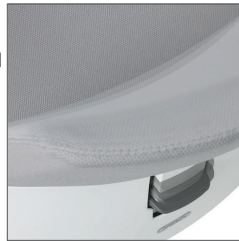

Depth-set sitting

Providing ergonomic fit for users of different lengths.

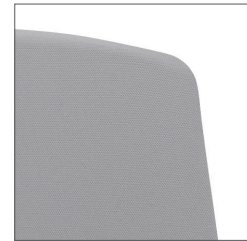

Legs

Strong plastic feet and polyurethane wheels provide comfortable handling without scratching the floor.

Lumbar support

Yükseklik ayarlı bel desteği doğru oturuş pozisyonu için kullanıcısını destekler.

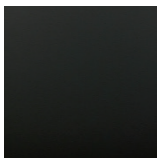

Fabric

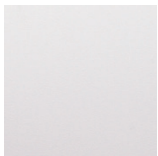

The anti-bacterial and waterproof fabric has a natural and soft texture in strong and durable construction.
