MOVE

UTKAN KIZILTUĞ

“MOVE stands out as an essential piece of furniture for contemporary offices. With its ergonomic design, mesh upholstery within a plastic back frame and flexible back structure, MOVE provides users with top-level comfort. Integrating modern aesthetics, its durable plastic frame and lightweight mesh upholstery combine elegance and comfort, making it a symbol of freedom and movement in workspaces.

With our innovative design philosophy and high-quality production, MOVE allows you to make your offices more functional and aesthetically pleasing.”

With its innovative design, the Move office chair brings together dynamism, comfort and aesthetics in modern workspaces. The wide structure that embraces the back, the mesh back structure that is compatible with the human body and can flex in three directions allow the user to move their back naturally by adapting to body movements. Thanks to the Easy Synchron mechanism, the back can be locked in 5 positions, offering a fixed 23° angle, a 10° forward tilt and the ability to move the seat 6 cm forward and backward with the up-down movement of the buttons on the armrest, providing an ergonomic seating experience. The specially designed high-density seat cushion emphasizes comfort beyond standards, while the adjustable, soft-cushioned lumbar and neck support offer personalized comfort for employees during intensive and long working hours.
