# YOGA

“Fresh, fun and modern Yoga, provides excellent support and flexibility by supporting different posture positions with its strong shell structure. Yoga’s versatility and mobility also make it a perfect addition to corporate learning spaces. Yoga is a natural fit in cafés, libraries, lounges, student common areas—all the places where personalized learning experiences happen, with its elegant chair base and vibrant colour options.”

Yoga allows you to create more comfortable, interactive, collaborative active learning spaces thanks to its easy-to-carry and elegant structure. The ergonomic polypropylene shell of Yoga provides excellent postural support for all age groups. The “Z” based education chair with different heights, fits naturally into any place where personalized learning experiences take place.

The 4-legged chair module, which is developed for versatile usages, is suitable for common meeting areas, cafes, restaurants and seminar rooms with its color options and stacking feature.
